

How-To Guide

Using the audience microphones

Getting Started

1. Tap the touch panel on the front desk to activate the system
2. Tap the “**Audio**” button on the bottom right-hand side of the touch panel
3. If the speaker icon next to audience mic is red, tap it once to turn it on (green is on)

Volume control

1. The microphones have been pre-configured to appropriate volume levels

Shut down

1. When you finish, tap “**exit**” on the touch panel screen on the front desk
2. Tap “**shutdown**”
